Avatar

An avatar is a component used to describe a user, which may be composed of an image or text from the user name.

Anatomy

1. Image Container
2. Text Container
3. Badge
4. Initial Text

Element Patterns and Types

Two element patterns and options for the size, badge, and outline are provided.

Element Patterns	Image		Initial Text				
Size	XXS	XS	S	M	L	XL	XXL
Badge	None	Number	Icon	Dot			
Outline	True	False					

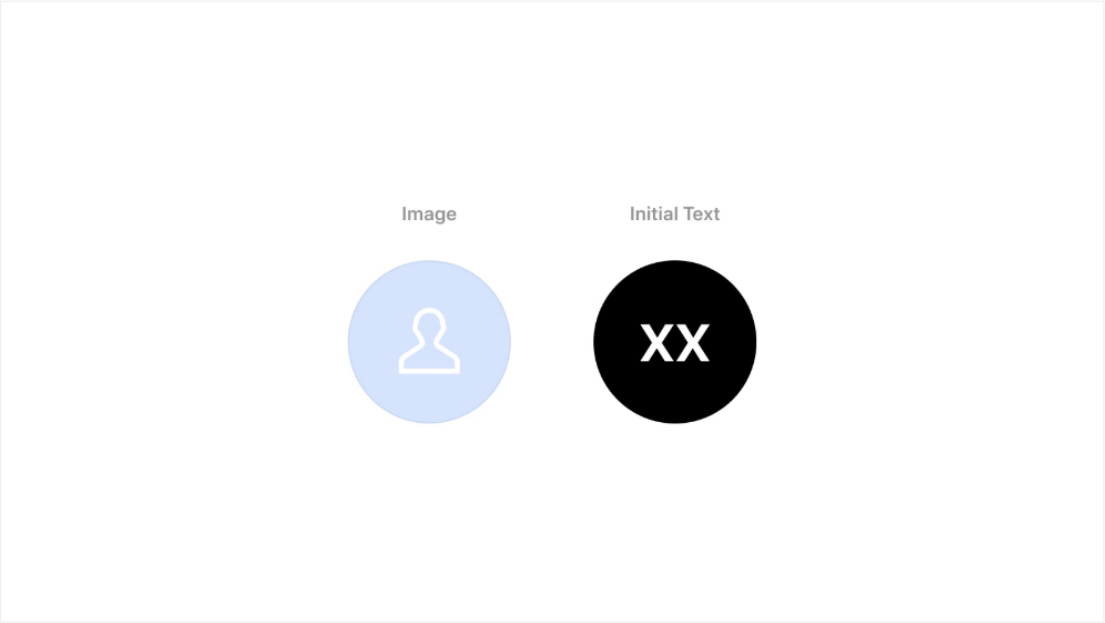

Overlays

- Popup
- Snackbar
- Toast Overlay
- Tooltip
- Bottom Sheet
- Pulldown Menu

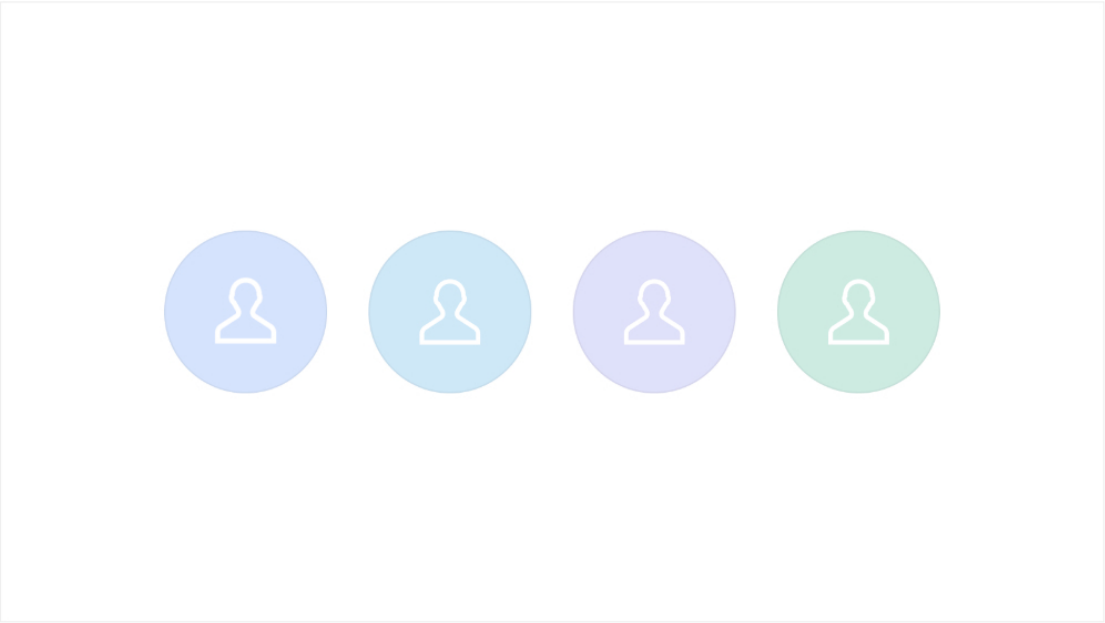

Systems

- LIFF View

Element Pattern

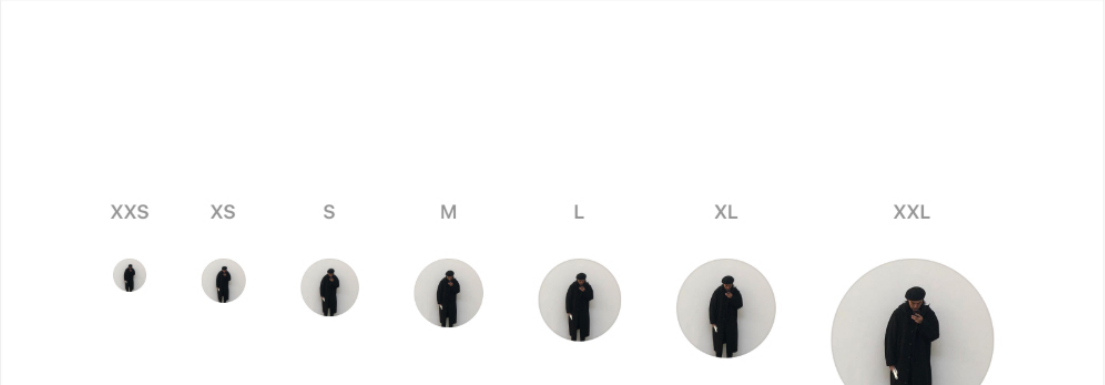

The image type that can include images and the initial type that can provide the initial text of a user name are available. The image type is provided with a default image. Users can change the text and container color of the initial type.

If a user image for the avatar is not provided, a random image is provided by default.

Size

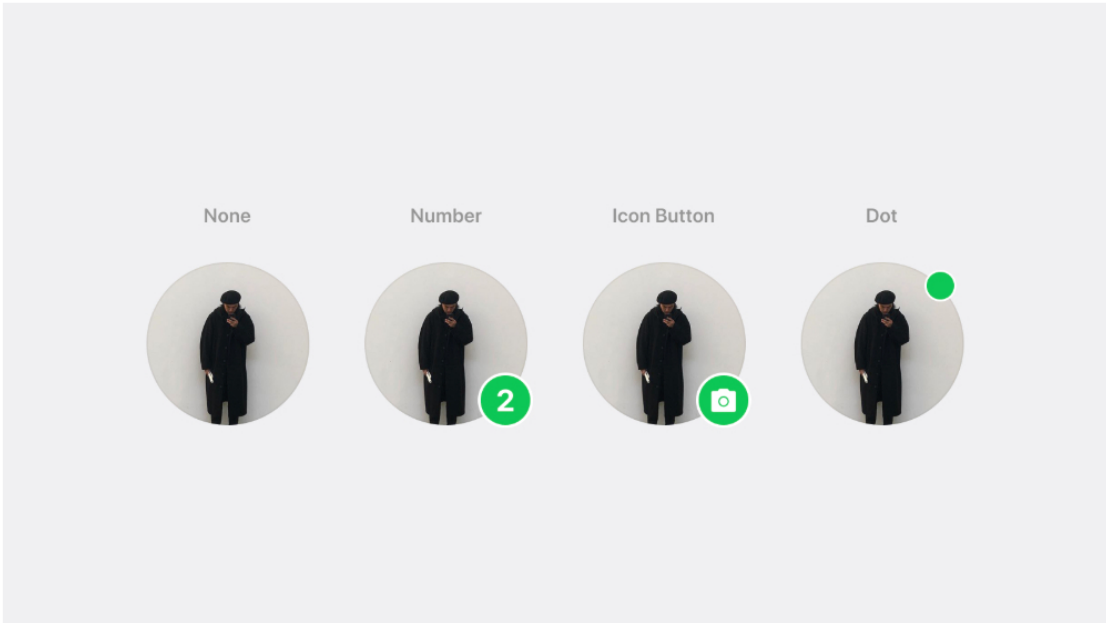

Seven size variations are provided. It is recommended to use the provided sizes.

Size Option	XXS	XS	S	M	L	XL	XXL
In Pixel	24	32	42	50	60	72	118

Badge Option

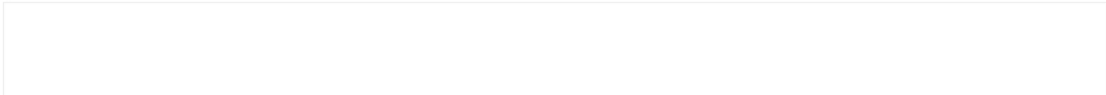

Four badge options are available. Only "None" can be selected for the XS and S size options.

Option	Description
None	No other elements, such as a badge, are present.
Number	Indicates the number of notifications. Use the notification badge.
Icon Button	A badge-style button icon. You can change the icon and specify the action for when it is selected.
Dot	Indicates the presence of notifications. Use the notification badge.
