Badge

A badge is a component used to provide information on new updates and notifications. It is used with other components and cannot be used alone. A badge is available with or without a number. It is used with other components, such as icons and avatars, to indicate new notifications.

Anatomy

1. Container
2. Digit Text
3. Icon

Element Patterns and Types

The dot badge, number badge, and icon badge components are provided. Each component has five sizes, and the number badge provides badges for displaying numbers with two or more digits.

Size	S	M	L	XL	XXL
2 Digits +	True	False			

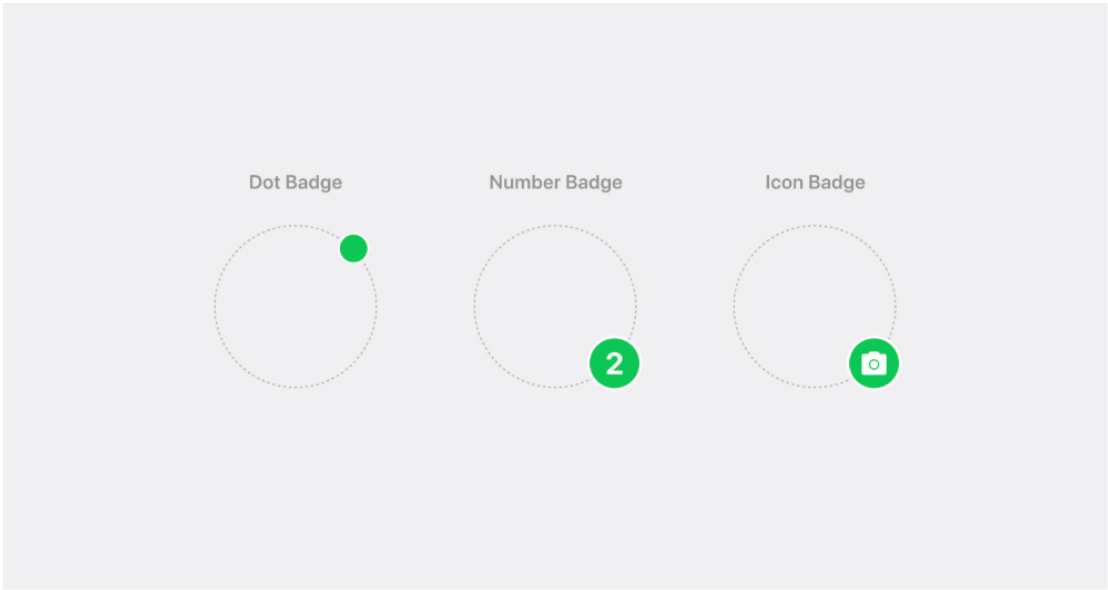

Components

Overlays

- Popup
- Snackbar
- Toast Overlay
- Tooltip
- Bottom Sheet
- Pulldown Menu

Size

S	M	L	XL	XXL
5	8	10	14	20
16	18	20	24	36
	18	20	24	36

Five sizes are provided. It is recommended to use the default sizes without arbitrarily changing them.

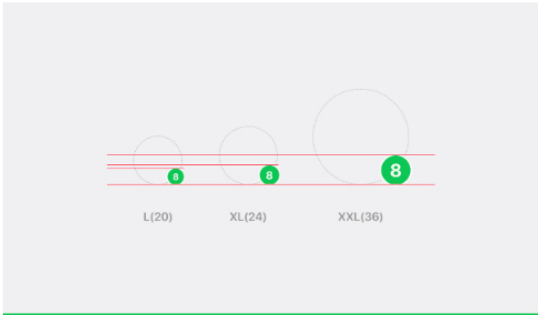

2 Digits +

This option is provided with the number badge, for displaying numbers with two or more digits.

Usage

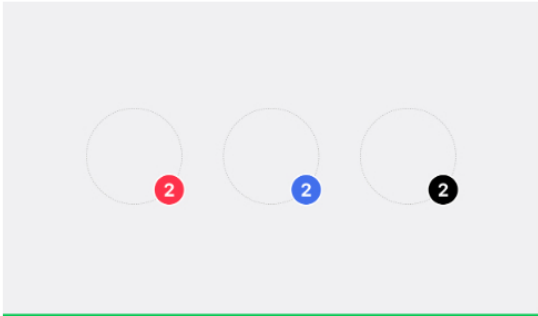

Do

Use the provided sizes (S, M, L, XL, and XXL).

Don't

Do not change the size to other sizes than those provided by default (S, M, L, XL, and XXL).

Do

Users can change the colors.
It is recommended to use the primary color of the service or a shade of red.
