Layout

Defines the margin between all screens and components used in the LINE services.

Margin Guide

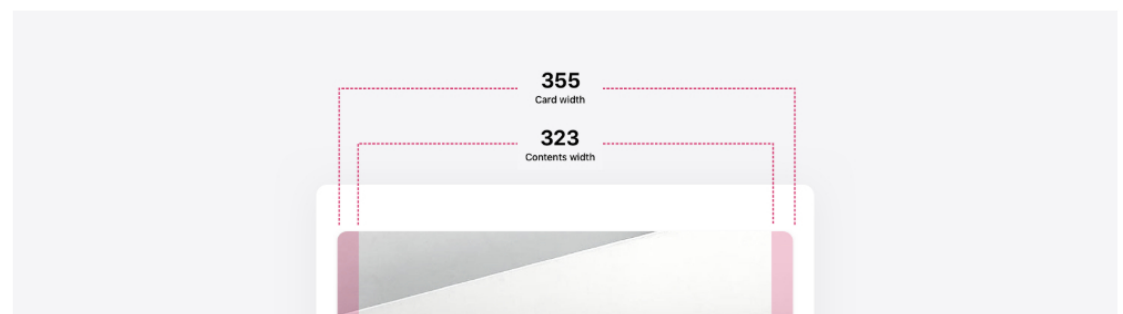

All screens use a common margin of 16 points left and right. Also, an 16 point margin for the left and right is used on the inner card structure.

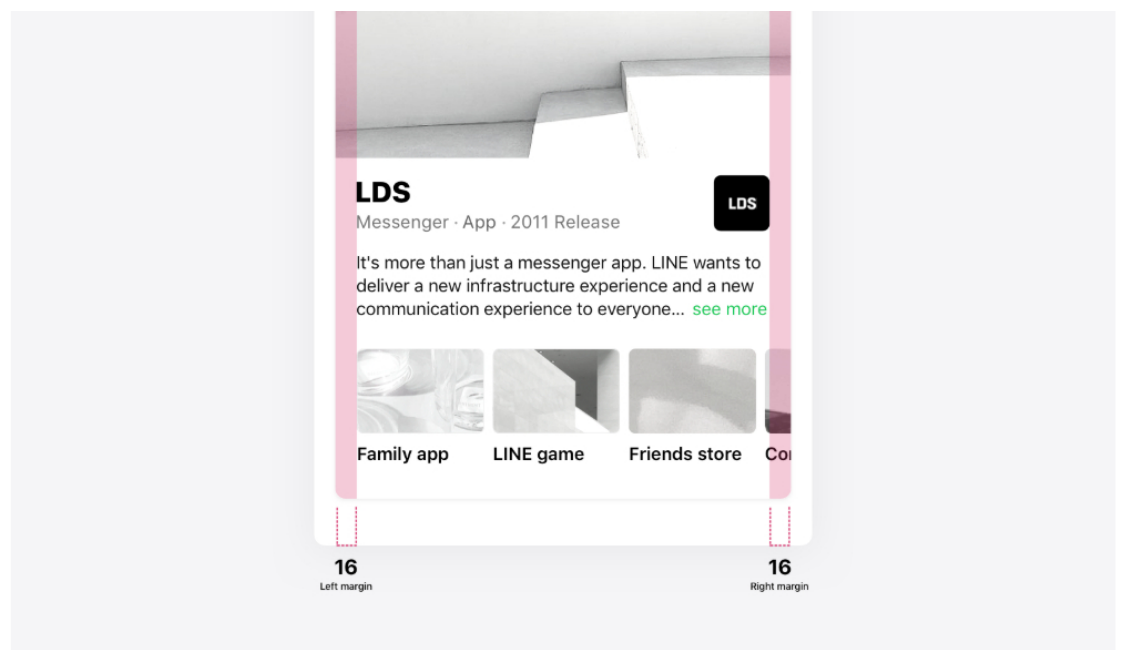

Default Margin

The common left and right margins for the default screen are equal to 16 point.

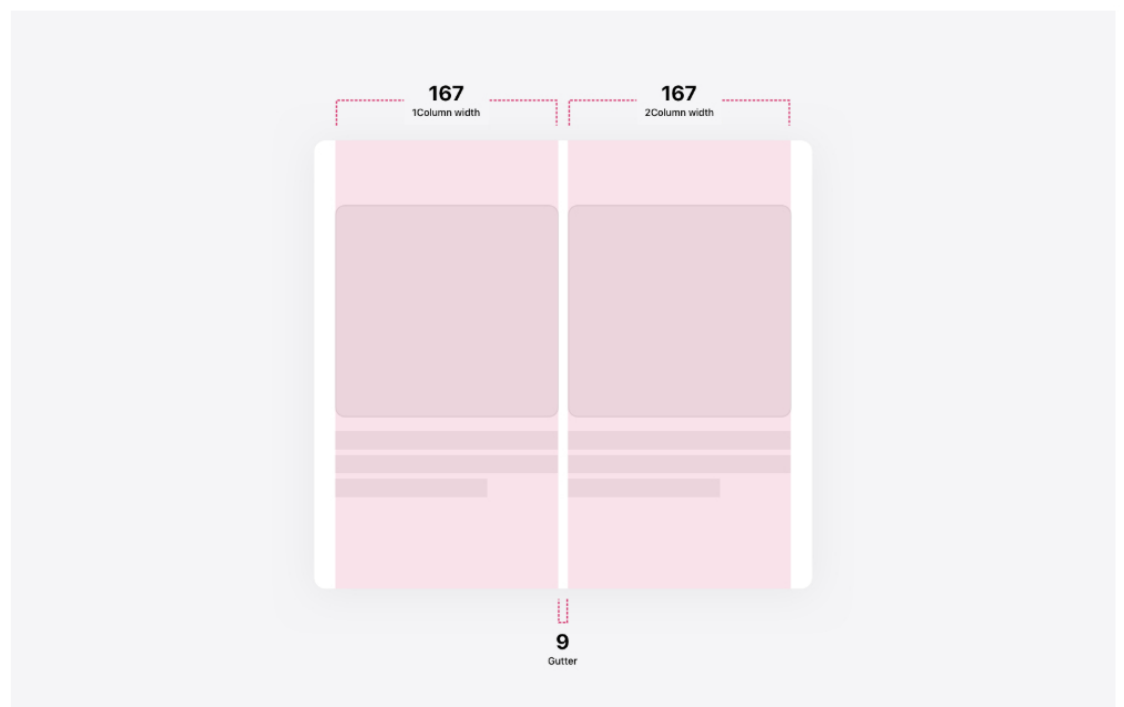

Card Margin

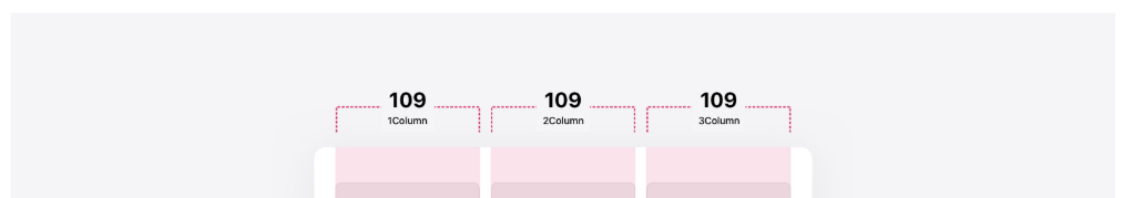

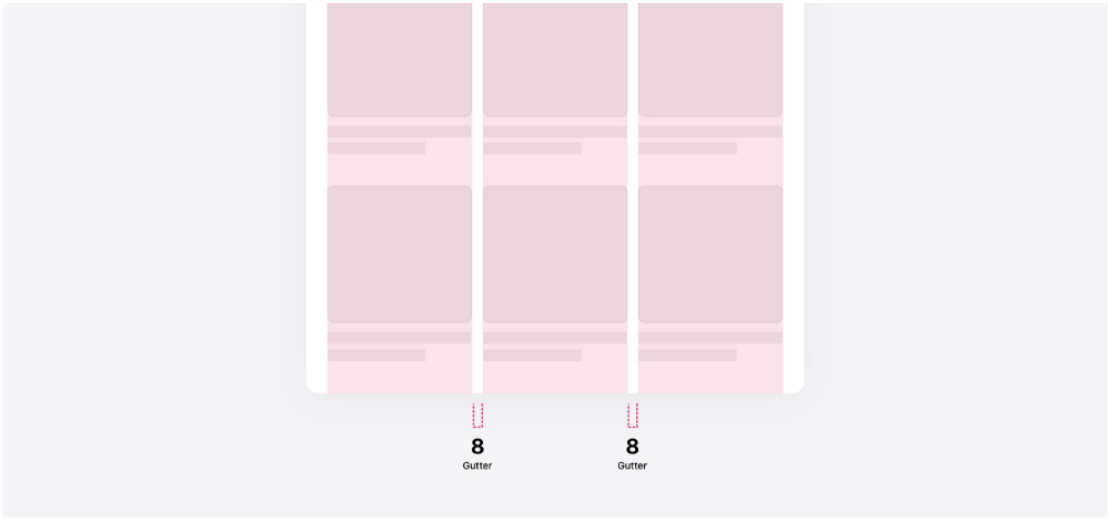

Column Guide

2 Column

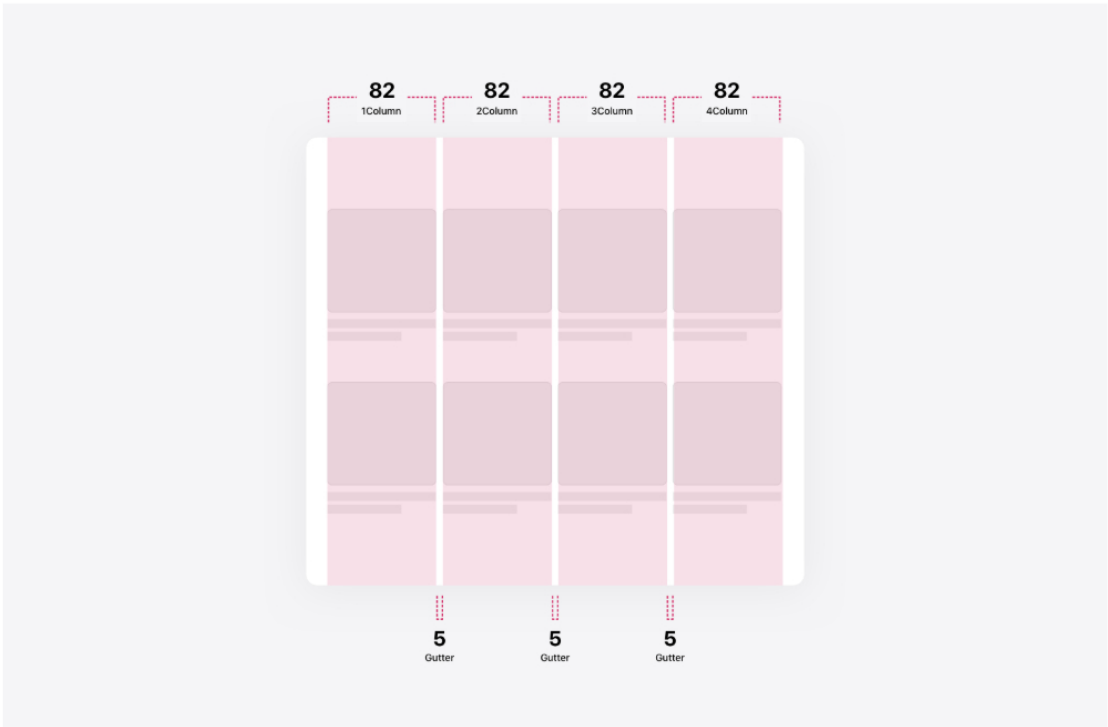

3 Column

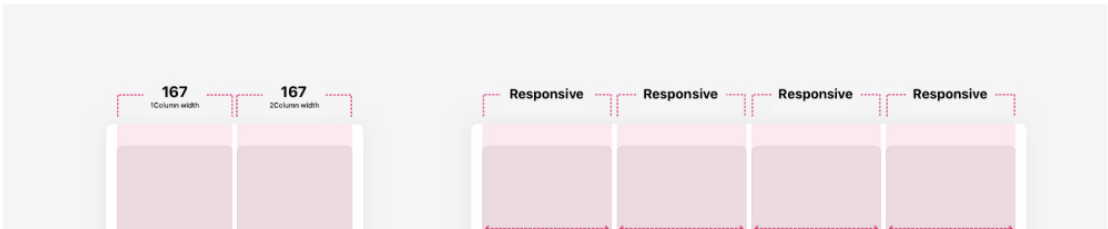

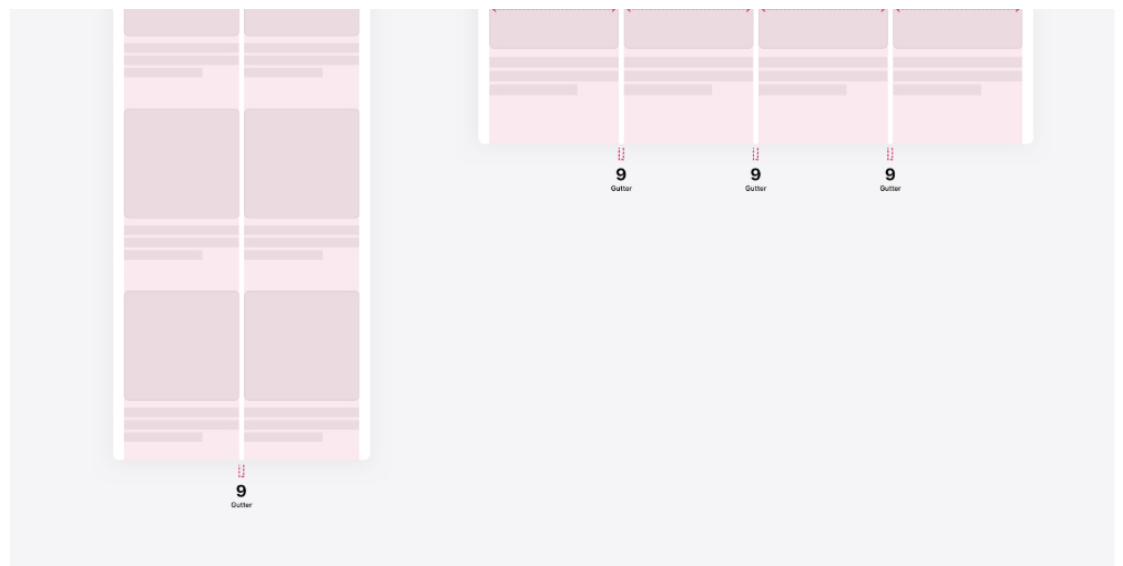

4 Column

Type	Column width	Gutter	Margin
2 Column	167	9	16
3 Column	109	8	16
4 Column	82	5	16

Resolution change guide

When the resolution is changed, the Gutter is maintained and the number of columns increases. At this time, the gutter is maintained and the column width is the same ratio. maintain and increase.
