Element Pattern

Basic

Side Icons

Number

0

100

- Basic: A pattern that does not have numbers or icons at either ends of the track.
- Side Icons: Icons are provided at the ends of the track.
- Numeric Value: Numbers are provided at the ends of the track, which indicate the minimum and maximum values.

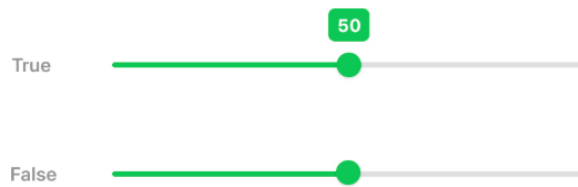

Thumb

Single

Double

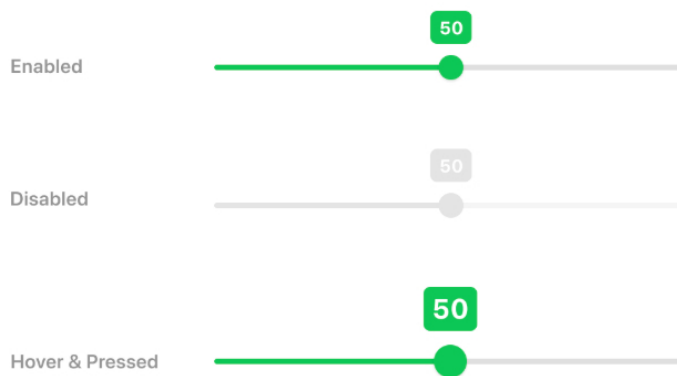

Single or Double may be used depending on the number of thumbs. Single allows you to select one value. Double allows you to select a range of two values.

Value Label

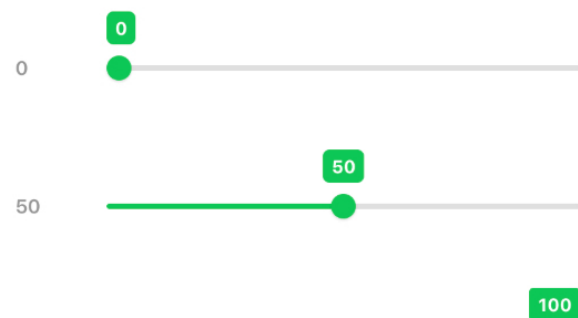

You can select whether to use the value label.

States

Enabled and Disabled states are available. The scales for the thumb and value label will change when hovered over (Hover) or pressed (Pressed).

Value

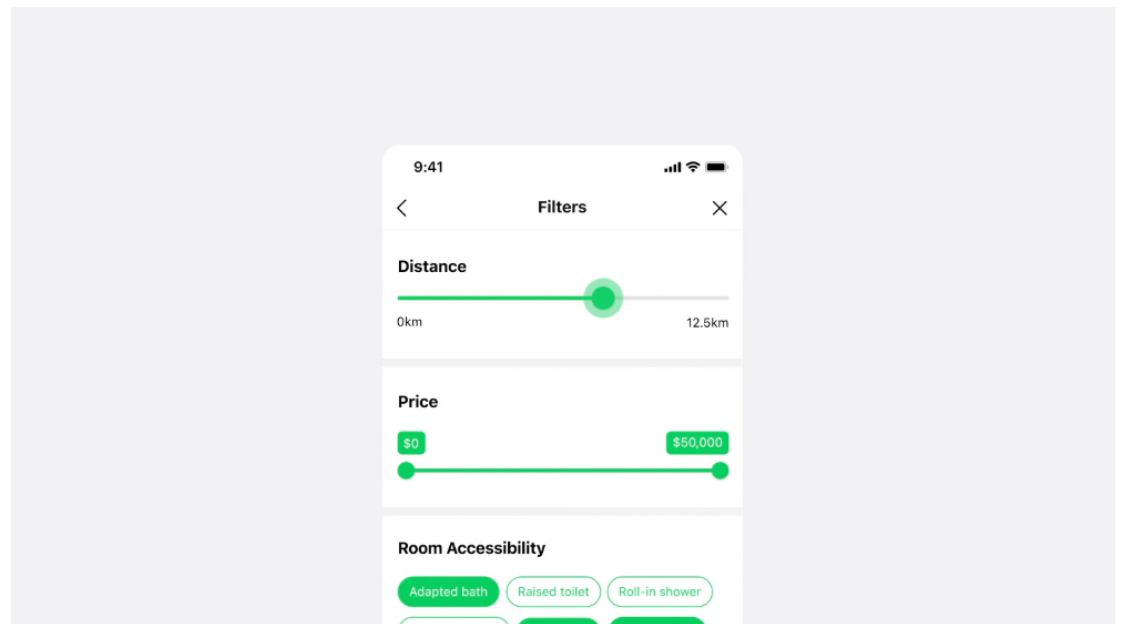

100

You can set the minimum, medium, and maximum values for the value label.

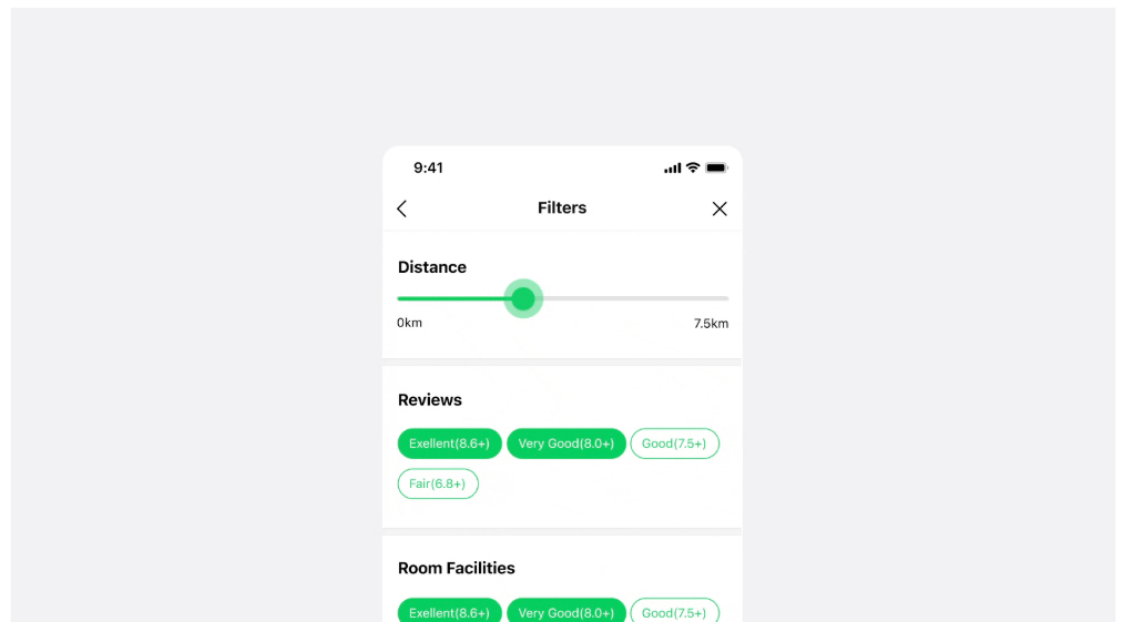

Behavior

Changing Values

A single thumb allows you to specify one value, whereas double thumbs allow you to specify a range.

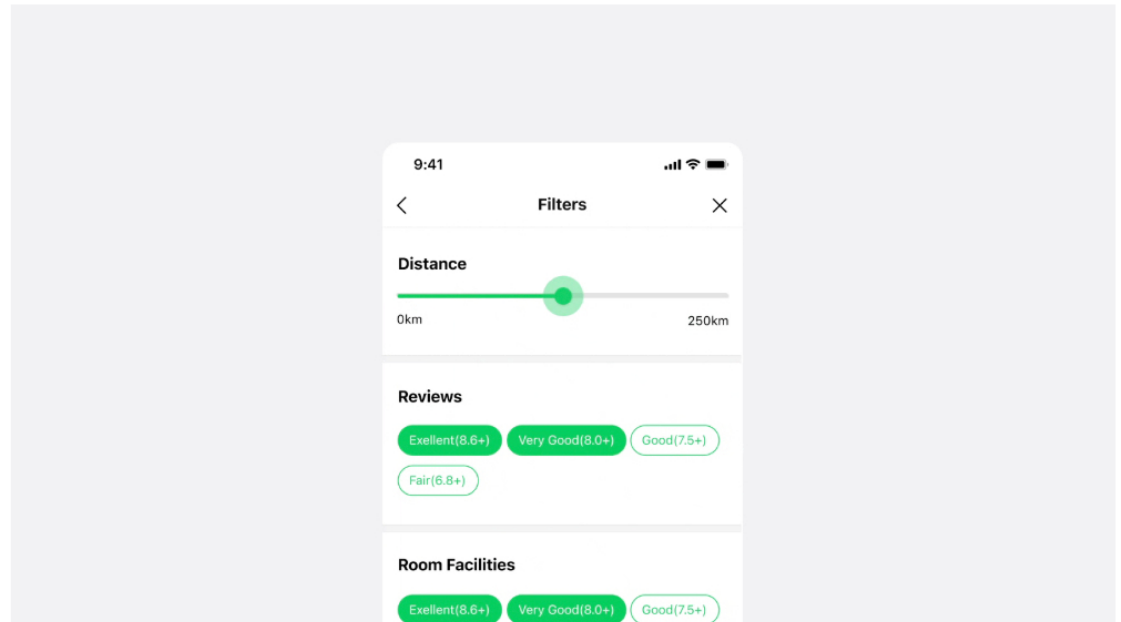

Drag and Flick

To control the thumb, you can click and drag from a PC and tap and flick from a mobile device.

To control the thumb, you can click and drag it on a PC and tap and flick it on a mobile device.

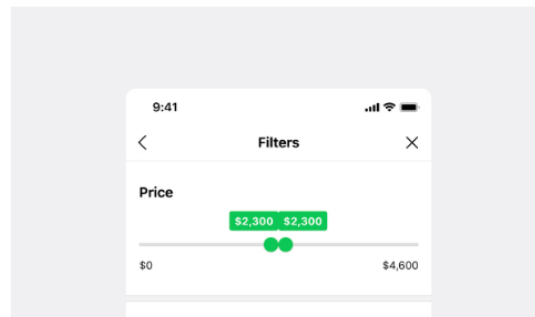

Click Jump or Tap Jump

You can click and jump a track on a PC and tap and jump on a mobile device.

Usage

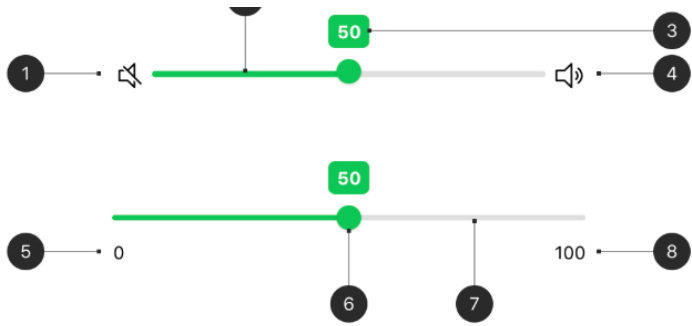

For Double Range Slider

Caution

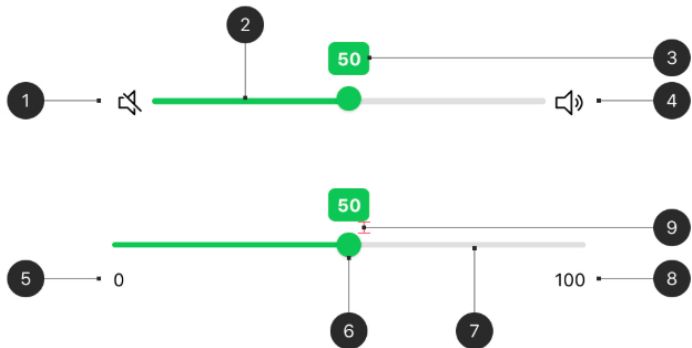

When a double range slider has identical values, ensure that the thumb and value label are not stacked.

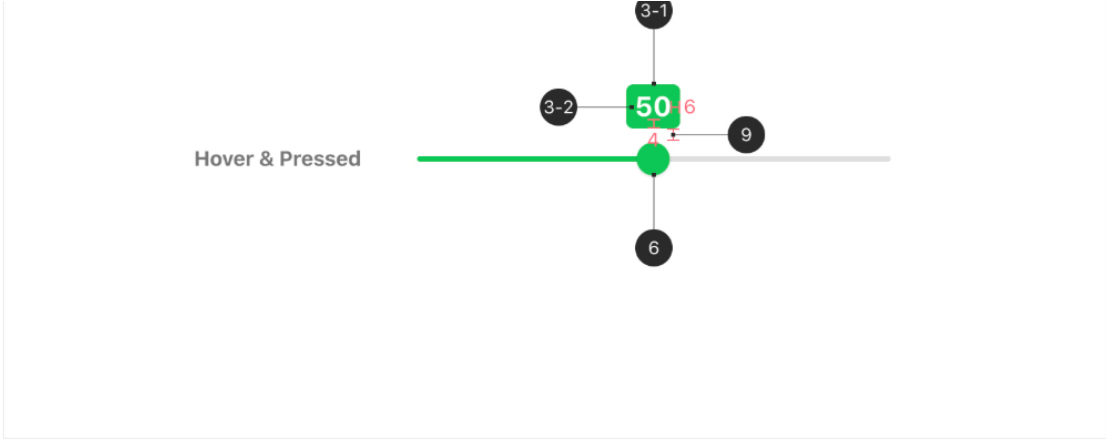

Design Specs

Value	Description
1 Minimum Value Icon	Indicates the minimum value with an icon.
2 Fill	Displays the selected area.
3 Value Label	The height is automatically adjusted according to the text length.
