Small and Medium sizes are provided.

Behavior

Decrease and Increase Value

-

2

+

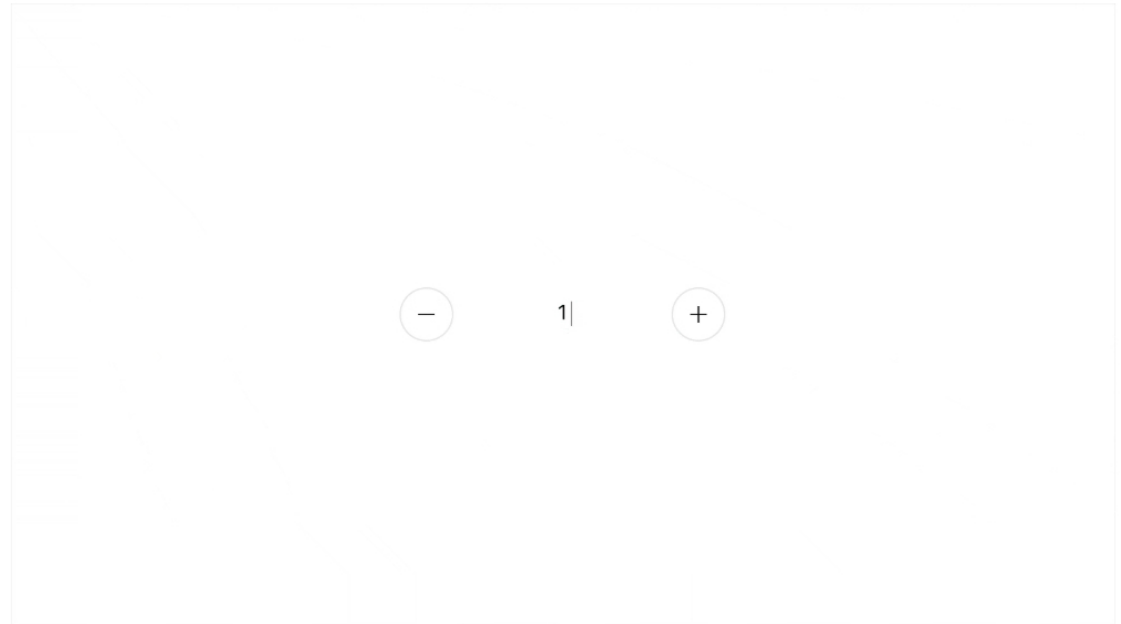

You can select the plus button on the right to increase the value or the minus button on the left to decrease the value. The minus button will be disabled when the minimum value has been selected.

-

5

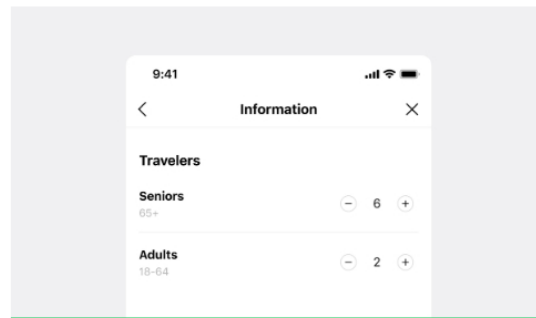

+

You can select the increment (decrement) with the option.

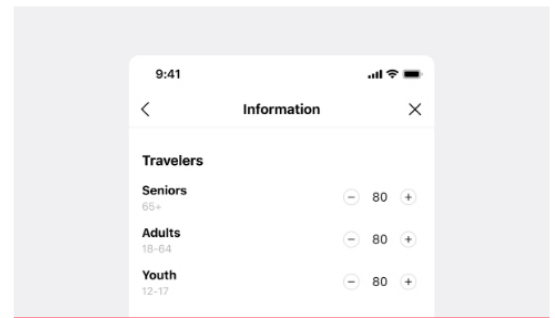

You can select the text field area to manually enter a value.

Usage

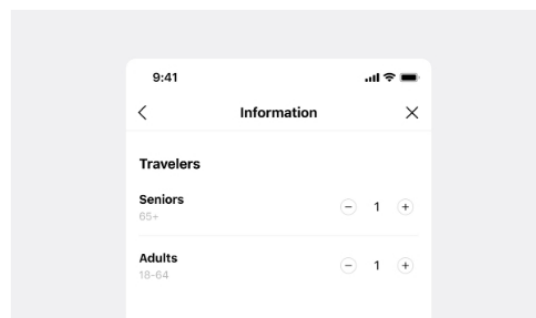

Do

When using a stepper on a list, adjust the space considering the touch area.

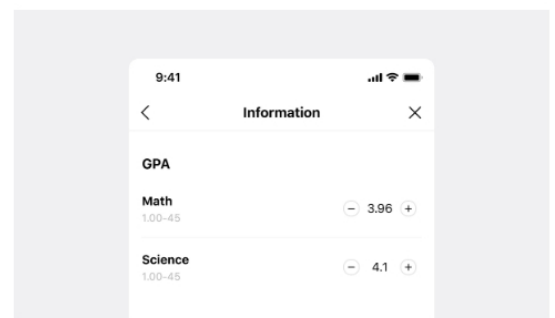

Don't

When using a stepper on a list, ensure that the stepper is not located close to another stepper.

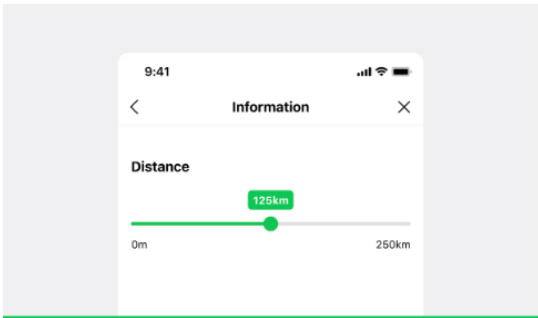

Do

Set a value with the highest possibility to be selected as the default value.

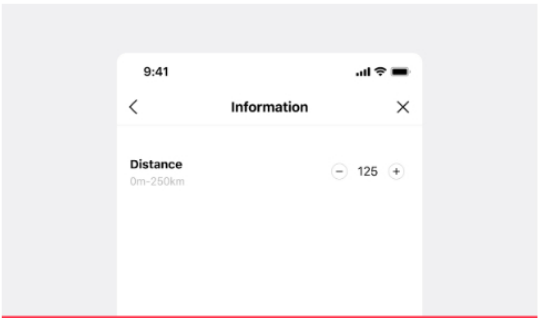

Don't

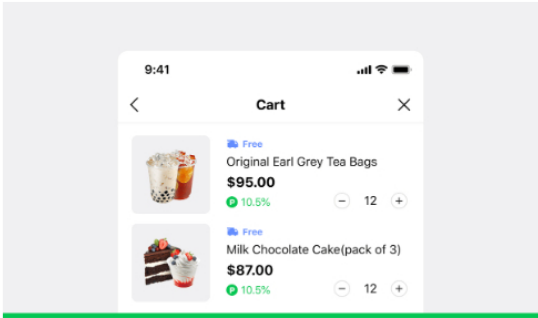

Do not use decimal points with steppers.

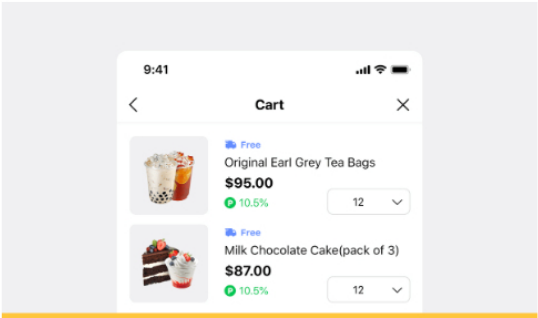

Do
Consider using a slider if the selection range is wide.

Don't
Do not use a stepper if the selection range is wide.

Do
Use a stepper only when the increment (decrement) is expected to be small.

Caution
Avoid use of a dropdown menu when the increment (decrement) is expected to be small.
Use a stepper instead.
